

Date: 20th March 2020

Notice to all staff and faculty

Following a meeting of the University Management this morning, it has been decided that the University will be closed next week (from 23rd March to 27th March 2020). 5 days of leave will be deducted from all staff and faculty, but these will be compensated for faculty following the completion of Semester 2 examinations and marking. Staff may take the additional 5 days leave with prior approval of their HoDs.

This is also to ask all staff and faculty to avoid all travel, both nationally and internationally, except in emergency situations. Everyone is requested to practice social distancing as well as the precautions notified previously.

All University Management Committee members and key operating staff are required to make themselves available over telephone or on-line as and when required.

The University remains closed for students until 29th March 2020 or until such time further notification is issued.

President

IAR, Gandhinagar
